Andorra World Trial Championship!
What a COME BACK to the Trialgp!

Such a great performance by **Gaël Chatagno** and his **Epure Race**, he put EM on the podium in the Trial2 category!
Everyone knows how difficult and tough this **Trial2** category is... even more for a rider who starts the race first!
The 2nd day was a little tougher in a category where there was no room for mistakes...

He still managed a top 10th finish, **1st French rider!**

Well done Gaël & EM Factory Team
